1 Introduction and Context

Mayo County Council (MCC) recognises that in the administration of Community Grants and subsidies they are provided with a strategic opportunity to work in partnership with community groups, organisations and individuals to strengthen community capacity and to create a more liveable and inclusive county.

This leaflet summarises several schemes that are available to community groups through Mayo County Council from a variety of national and local sources.

Applicants are strongly encouraged to contact council staff and other key organisations when planning projects. Staff can help and advise in a range of planning and project management matters. Contact details in relation to each scheme are available under scheme details (Section 3).

Two important county-wide structures community and voluntary groups should also be aware of are the Public Participation Network and the Local Community Development Committee.

1.1 Public Participation Network (PPN)

Mayo Public Participation Network is a formal network of community groups in County Mayo. It is the key mechanism by which Mayo County Council connects with community groups in the county. Mayo County Council notifies the Mayo Public Participation Network of schemes when they are announced. They also provide useful training in areas where your group might need support such as filling in funding applications, GDPR, social media skills, governance etc. If your group is not registered with Mayo PPN it would be advisable to do so as soon as possible.

Contact detail for Mayo PPN Phone: 094-9064358 email: office@mayoppn.net

1.2 Local Community Development Committee (LCDC)

The Local Community Development Committee is a statutory subcommittee of Mayo County Council tasked with overseeing and monitoring local and community development expenditure in County Mayo. The work of the LCDC is underpinned by the Local Economic and Community Plan (LECP) which provides the strategic framework for local economic and community development. Be sure to know about your LECP when applying for LCDC funding as it will assist in making your case for support.

2 Basic Eligibility

While the specific criteria of the Mayo County Council grants differ, there are some basic criteria that all applicant groups must comply with before they even consider applying;

- Have a dedicated bank account in the name of the applicant group, not an individual
- Be in possession of a PPN Membership Number
- The beneficiaries of the project must be located within the Mayo County Council administrative area
- Be a Voluntary 'Not for Profit' community group, organisation or club serving a local need
- Have an official committee structure comprising at a minimum Chair, Secretary and Treasurer

Key dates regarding grant schemes can change on an annual basis, and this is likely in 2020. The dates provided in this document, unless confirmed for 2020, are based on 2019 dates and it is important for groups to check individual dates that apply to individual schemes.

Where we are not able to give community groups a definitive timeline, Mayo County Council, supported by Mayo PPN will commit to letting the community know as soon as dates are announced and will use a variety of traditional and social media platforms to try and ensure that the information reaches as many groups as possible.

Don't forget to check the Mayo.ie and Mayoppn.net website for updates on funding.
