National Roads Proposed Bye-laws

Introduction

The Road Traffic Act 2004 (No. 44 of 2004), with effect from 20 January 2005, provides the legislative basis for speed limits. The Act introduced metric values for speed limits and also provides for:

- the adoption of new Default Speed Limits for roads in built up areas, on motorways, rural national roads and rural regional and local roads.
- the application of Special Speed Limits through the making of Special Speed Limit Bye-Laws by the members of county and city councils.
- the broadening of consultation on proposed Special Speed Limit Bye-Laws by providing for consultation with the public.
- the issue of Guidelines by the Minister for Transport in respect of the making of Special Speed Limit Bye-Laws.

Changes in Mayo

This Speed Limit review incorporates into one document for the first time the Special speed Limit Bye-Laws for the whole of County Mayo.

Note that housing estates are included in a separate schedule in the Bye-Laws for the first time. Housing estates built by the local authority or built privately and Taken in Charge by the local authority will have a speed limit of 30km/h. These estates are listed in Schedule Two of the Special Speed Limit Bye-Laws 2017. Private housing estates, which have not been taken in-charge by Mayo County Council, are not included in these Bye-Laws.

Consultation in accordance with the 2004 Act involved:

- Notice to all Neighbouring Local Authorities
- An Garda Síochána,
- Transport Infrastructure Ireland (TII)
- The Automobile Association (AA)
- The Road Safety Authority (RSA)

Additional Consultation involved:

- A review of public submissions from 2016 onwards
- A review of Elected member submissions from 2016 onwards
- Workshops with elected members
- Workshop with Garda representatives
- Workshop with TII and their consultants Tobins Consulting Engineers

- Public Consultation in November & December 2016
- A review of submissions from Municipal District Engineers

General Explanatory Notes:

The changes to the Bye-laws drawings/maps are highlighted with red arrows and the existing speed Limit locations are shown with blue arrows. The distance covered by each Special Speed Limit is outlined in their bye Laws. The exact location is described from the centre of the nearest road junction. The road is described by its road number.

A Built-up Area is defined by Section 2(1) of the Local Government Act 2001 as the area of a city, borough or town council within the meaning of the Act. For speed limits, Section 5 of the Road Traffic Act 2004 sets a default speed limit of 50 km/h for 'built-up-areas'. The abolition of Town Councils in 2014 has not affected the meaning, definition and scope of these built-up areas, therefore the default speed limit for all roads within these areas remains 50km/h. For speed limits other than 50 km/h, in these areas, Special Speed Limits are required.

The following summarises the situation:

- Default speed limits for former town council areas remain.
- Special Speed Limits are set on the same basis as outlined in these Bye-Laws

The layout of the speed limit Bye-Laws has also changed to try to have a similar appearance country-wide. The First Schedule refers to 20km/h Special Speed Limits, the Third Schedule refers to 40 km/h and the eighth schedule refers to 120 km/h. These are currently blank and are included for possible future use.

The proposed Bye-Laws are shown for each town and are displayed with the following legend on the relevant drawing:

- 30km/hr Zone – Yellow
- 50km/hr Zone – Orange
- 50km/hr periodic – Orange dashed
- 60km/hr Zone – Light Blue
- 60km/hr periodic – Light Blue dashed
- 80km/hr Zone – Red
- 100km/hr Zone - Green

The direction of the arrows shows the direction of the proposed speed limit.
