APPLICATION FOR A LICENCE TO DISCHARGE TRADE AND/ OR DOMESTIC WASTE WATER TO SURFACE WATER

Local Government (Water Pollution) Acts, 1977 & 1990

Your completed application accompanied by all relevant information and payment is to be sent to the following address:

	Environment Section,
	Mayo County Council,
Address:	The Mall,
	Castlebar,
	Co. Mayo.

PART I - Section 1

A. Guidance on Applying for a Discharge Licence

Any person who intends to discharge domestic waste water or trade effluent to surface waters must attain permission to do so from either the Local Authority or the Environmental Protection Agency (EPA) before the discharge is commenced.

Where the discharge is licensable by the Local Authority, this Application Form is to be completed and submitted to the Local Authority in order to provide the information necessary to determine whether it is acceptable to grant permission to discharge.

The Applicant is requested to read the "Guidance on Applying for a Discharge Licence" before completing this licence application form.

B. Completing the Application Form

Guidance on what information is to be included in each Part of the Application Form is provided in the "Guidance on Applying for a Discharge Licence".

The Applicant is asked to contact the Licensing Authority in the event that:

- o they are unsure as to whether the discharge is licensable by the Local Authority or the EPA
- o they are having difficulty in providing all the information required in the application form
- o they are unsure of what information they are to provide in the form
- o they are unsure of where to source the information required in the form
- o they require any information or guidance on filling out the form

The Licensing Authority WILL NOT be able to process an incomplete application.

Who Should Fill in This Form?

This form is comprised of four separate parts as follows:

○ Part I – Declaration & Signatures

This part is to be completed by <u>all applicants</u> for a licence to discharge to waters

o Part II – General Details

This part is to be completed by all applicants for a licence to discharge to waters.

o Part III – Effluent Details

This part is to be completed by <u>all applicants</u> for a licence to discharge to waters

o Part IV – Discharges to Surface Water

This part is to be completed by <u>all applicants</u> who propose to discharge trade effluent or domestic waste water (or both) to surface water. For clarification on what constitutes a trade effluent or a domestic waste water refer to the "Guidance on Applying for a

B. Completing the Application Form

Discharge Licence". Clarification on what is defined as a surface water is also provided.

Where multiple discharges are proposed, the applicant for a discharge licence must first contact the Licensing Authority for advice on whether one application form will suffice or whether multiple forms need to be submitted.

Additional Sheets

Where any part of the Application Form does not afford sufficient space to provide the required information then the Applicant should attach additional sheets to the form containing such information.

The additional sheets should cross-reference between the Application Form and the sheets. Mark each sheet with the name of the Applicant and the name of the premises from which the discharge is generated and indicate the section and part of the Application Form to which the additional sheets relate. An example of an Additional Sheet cross reference is provided in "Guidance on Applying for a Discharge Licence".

Request for Further Information

The Licensing Authority is entitled under Section 7(3) of the *Local Government (Water Pollution) Regulations, 1978* to request the Applicant to submit additional information that the Licensing Authority deems to be necessary for the consideration of an application for a discharge licence.

Where this information is not provided by the Applicant within a three month period of receiving such a request then the Licensing Authority may carry out the necessary investigations to acquire the information, the cost of which is to be borne by the Applicant. Alternatively the Licensing Authority may proceed to make a determination on the application in the absence of such information.

3

C. Signatures of the Applicant & Agent
Identify the class of discharge to which this application pertains.
I hereby make an application for a licence to discharge* effluent to <u>Waters / Sewer</u> (delete as appropriate) under the Local Government (Water Pollution) Act 1977 in respect of the particulars included in this application on behalf of(insert name of the Applicant).
Where this application is made by an Agent on behalf of an Applicant, the signature of the Applicant must be provided below confirming the authorisation of the Agent to apply for a licence on their behalf:
I hereby authorise (name of Agent) to apply for a discharge licence on behalf of (name of Applicant).
Signed: Date:
I hereby declare that I am fully aware of my responsibilities to implement the conditions of any licence granted on the basis of this application and acknowledge that I may be subject to criminal liability whereby the terms of the licence are not complied with. Signed: Date:
(provide signature of Applicant)
Refer to the "Guidance on Applying for a Discharge Licence" for definitions of the Applicant and the Agent.

4

PART I - Section 2

A. Disclosure of Information

The Freedom of Information Act, 1997 (as amended) states that every person has a right to access to any record held by a public body. This includes discharge licenses (and associated applications) held by the Local Authority. The Local Authority may refuse to provide access to records held by them where the information was provided to the Local Authority in confidence with the understanding that it is to be treated as confidential. Circumstances under which confidentiality may apply include where information submitted in the application contains commercially sensitive information or matters of National security.

The Applicant is requested to <u>identify all information</u> submitted with the application which is to be treated as confidential and is requested to identify the grounds on which the information may be categorised as confidential.

B. False or Misleading Information

It is an offence under the *Local Government (Water Pollution) Act, 1977* to knowingly submit false or misleading information in the licence application and an Applicant is liable to a fine on summary conviction of such an offence.

Please provide signature of the authorised representatives of the Applicant and where appropriate the Agent confirming that all the information submitted in this application is correct and that they have made themselves aware of the provisions of the Freedom of Information Act.

I/we hereby declare that I/we have made myself/ourselves aware of the provisions of the Freedom of Information Act and that I/we understand that there is a legal obligation on the Local Authority to make this discharge licence application available for inspection by third parties.

I/We hereby declare that to the best of my/our knowledge all of the information provided in this application is true and correct.

PART III – Section 1

A. Effluent Details					
PART III – Section 1 A is to be completed by All Applicants.					
Type of effluent	Domestic Waste water Only Trade Effluent Only Both Domestic and Trade Effluent				
Indicate the type of discharge to which this application relates.	New Discharge Existing Discharge				
Domestic Waste water only (if relevant)	Population Equivalent (p.e.)				
	Expected Dry Weather Flow (DWF)m ³ /day. Provide details of how the P.E. & DWF were calculated.				
Trade Effluent only or Domestic & Trade (if relevant)	Normal volume of effluent discharged per day is m³/day.				
	Maximum volume of effluent discharged in one day ism³/day.				
	Maximum volume of effluent discharged per hour is m³/hour.				
Provide details of how th	e trade effluent flows are calculated.				
Effluent Characteristics.	Complete Appendix C and Appendix D of this form.				
	Provide additional sheets where necessary.				

B. Effluent Details					
PART III – Section 1 B i	is to be completed by All Applicants.				
Provide additional sheets where necessary.					
Discharge Variability	Briefly identify whether there is likely to be variability in the discharge flow or characteristics e.g. due to process changes, due to seasonal variation, due to diurnal changes etc. Where the discharge shows seasonal or other variation, please provide details of flow volumes and times of discharge. Also provide details of varying effluent characteristics in Appendix C and Appendix D.				
Date of Discharge	Date:				
8	Identify the proposed date for the commencement of the discharge or where it is an existing discharge identify the date on which the discharge commenced.				
Fats, Oils and Grease (FOG) (if relevant)	Provide details of control measures proposed for the removal of FOG from the effluent prior to discharge. Provide technical data sheets for any equipment proposed.				
Food Waste (if relevant)	Provide details of provisions for source segregation and disposal of food waste.				
Other Discharges	Provide particulars of any other discharges from the premises (e.g. storm water).				
Water Supply	Provide details of the source of water that will form part of the discharge e.g. mains, borehole, river etc.				
	The estimated volume of water used per day ism ³ /day				
Other Effluent Details	You may be required to furnish such other particulars as the Licensing Authority may reasonably require for consideration of the application e.g. effluent toxicity testing, bioaccumulation testing, biodegradation testing.

Refer to "Guidance on	Applying	for a Di	scha	ırge	Lic	enc	e" for se	ource	s of	info	rma	tion	

B. (i) Receiving Water	Details - Discharge to Transitional / Coastal Water (continued)
Position of outfall	The outfall is/will be positioned metres above/below (delete as appropriate) Mean High Water Spring Tide
	and
	The outfall is/will be positioned metres above/below (delete as appropriate) Mean Low Water Spring Tide
Bathymetric Survey	A bathymetric survey has/has not (<i>delete as appropriate</i>) been undertaken.
	Where a bathymetric survey has been undertaken, please include a copy with this application.
Foreshore Licence	A Foreshore Licence is:
	Granted
	Pending
	Not Applied For
	Not Required
	Where the Foreshore Licence has been granted, please include a copy with this application.

B. (ii) Receiving Water I	Details - Discharge to Transitional / Coastal	Water								
	<u>PART IV – Section 2 B</u> is to be completed where the application pertains to a discharge									
to coastal or transitional waters i.e. estuaries / marine waters.										
Receiving water	Parameter Result (mea									
background chemical										
data.	Chlorophyll a µg/l									
	Transparency Secchi depth									
	Salinity psu									
	Temperature °C									
	Dissolved Oxygen % saturation									
	Dissolved Inorganic Nitrogen mg/l N									
	Un-ionised Ammonia as mg/l N									
	Orthophosphate as mg/l P									
	Total Phosphorus as mg/l P									
	Nitrite as mg/l N									
	Nitrate as mg/l N									
	Total Nitrogen mg/l N									
	BOD ₅ mg/l (Transitional Waterbody)									
Refer to "Guidance on A	Applying for a Discharge Licence" for guida	nce on reporting								

PART IV – Section 3

A. Impact of Discharge - Discharge to Inland Surface Waters								
	s to be completed where the application pertains to a discharge							
to Inland Surface Water	S.							
Have any of the following assessments been carried out in	Toxicity Testing							
terms of your proposed discharge / receiving	Bioaccumulation Testing							
waters?	Biodegradation Testing							
	Aquatic / Fisheries Study							
	Modeling of Mixing Zone							
	Other(please specify)							
	If 'Yes' please submit a copy of the report with this application.							
B. Impact of I	Discharge - Discharge to Transitional / Coastal Waters							
PART IV – Section 3 B i to Transitional / Coastal	s to be completed where the application pertains to a discharge Waters.							
Have any of the following assessments been carried out in	Toxicity Testing							
terms of your proposed discharge / receiving	Bioaccumulation Testing							
waters?	Biodegradation Testing							
	Aquatic / Fisheries Study							
	Dispersion Modeling							
	Other(please specify)							
	If 'Yes' please submit a copy of the report with this application.							
Effluent Dispersion	Provide details for proposals for the dispersion of effluent.							
•								
	Provide additional sheets where necessary.							

PART IV - Section 4

Checklist for Applicant when applying for a licence to discharge to Water						
Details to be Submitted	Tick Box where included					
1. Fully completed, signed and dated application form (One original plus 5 copies)						
2. Name & address of Applicant & Agent						
3. Has the type of discharge been identified i.e. new or existing / domestic or trade?						
4. Has location of discharge been identified						
5. Newspaper Notice (One original plus 5 copies)						
6. Application fee						
7. Site location map at scale 1:50,000						
8. Site layout map at scale of 1:2500						
9. Drainage system drawings at scale no greater than 1:2500						
10. Description of process giving rise to trade effluent						
11. Description of the proposed method of effluent treatment						
(including measures for the control of FOG where appropriate)						
12. Treatment system process drawings						
13. Outfall details and drawings						
14. Treatment system operation & maintenance details						
15. Effluent quality, discharge volume and flow details						
16. Receiving water quality assessment (physico-chemical & biological) and flow calculations						
17. Assessment of the impact of the discharge on the receiving water - Assimilative capacity calculations						
- Assimilative capacity calculations - Details of designated areas (including designation of waters)						
- Details of sensitivity of waters						
18. Proposals for dealing with sludge (where relevant)						
19. Emergency procedures in case of plant breakdown or pollution incident (including details of storage facilities onsite).						
20. Has one original plus 5 copies of the application form and all associated documentation been included?						

Please include any additional information which you deem to be pertinent to the application / discharge.

Appendix A - Provide details of process related raw materials, products etc. used or generated on site.											
Substance	EC Number	Nature of Use	Amount Stored (tonnes)	Annual Usage (tonnes)	Danger Classification	Risk Phrase	Safety Phrase				
	<u> </u>										
											
nclude copies o	of Material Safety .	Data Sheets (MSDS) for materials.								

Ref. European Communities (Classification, Packaging, Labelling and Notification of Dangerous Substances) Regulations, 1994

Appendix B - Off-site Waste Disposal						
Waste Description	EWC. Catalogue No.	Quantity (Tonnes per annum)	Name of site accepting waste	Reference Number of site environment licence	State whether recycling, recovery or disposal	

Appendix C - Characteristics of Trade and/or Domestic Effluent

The following list of parameters is indicative only. Additional physical, chemical or other characteristics as are pertinent to the effluent in question should also be identified.

Complete fo	or all applicable sections, giving concentration re	anges where a	vailable.					
	oint co-ordinates (One table per emission point):							
Parameter Concentrations in mg/l unless otherwise stated		Prior to Treatment (if any)			As discharged			
Characteris	Characteristic							
Note:								
Section $A = to$ be completed where discharging domestic		Max.	Max.	Mg/l	Max.	Max.	Mg/l	% Removal
effluent only		Hourly	Daily	Mg/ι	Hourly	Daily	NIg/t	/o Kemovai
Section A - E = to be completed where discharging a trade								
effluent.	0							
A	Temperature °C							
	pH							
	Biological Oxygen Demand (5 day)							
	Chemical Oxygen Demand							
	Suspended Solids							
	Total Ammonia (as N)							
	Nitrate (as N)							
	Total Phosphorus (as P)							
	Conductivity							
	Molybdate Reactive Phosphorus (MRP)							
	Oils, Fats and Greases							
	Sulphates (as SO ₄)							
	Chlorides (as Cl)							
	Phenols (as C ₆ H ₅ OH)							
	Detergents (as Lauryl Sulphate)							
	Faecal Coliforms CFU							-
В	Metals μg/l							
	Arsenic							

	Chromium					
	Copper					
	Cyanide	 				
	Fluoride	 				
	Lead	 	 			
	Nickel	 	 			
	Zinc	 				
	Other (please specify)	 				
С	Pesticides & Solvents:					
	Atrazine	 				
	Dichloromethane μg/l	 				
	Simazine µg/l	 	ļ	<u> </u>		
	Toluene μg/l	 	ļ	<u></u>		
	Xylenes μg/l	 	ļ	<u> </u>		
D	Organohalogen Compounds (Specify)					
	Organophosphorus Compounds (Specify)	 				
	Organotin Compounds (Specify)	 				
	Mineral Oils or Hydrocarbons of petroleum origin					
	Other toxic substances (Specify)	 				
	Colour (degrees hazen)					
Е	Other:					
	Other relevant characteristics including fish toxicity data from tests carried out on all or part of the effluent					

Appendix D - Dangerous Substances				
Are any of the following chemicals used in the process or stored on the premises	Yes/No	Are residual chemical process materials or chemical tailings from a process recovered or discharged?		
EDC (1, 2 dichloroethane (C ₂ H ₄ C1 ₂))				
TRI trichloroethylene (C ₂ HC1 ₃);				
PER perchloroethylene (C ₂ C1 ₄);				
TCB trichlorobenzene				
Carbon tetrachloride, DDT and pentachlorophenol				
Aldrin, dieldrin, isodrin, HCB (hexachlorobenzene), HCBD				
(hexachlorobutadiene) and CHCl ₃ (chloroform)				
Cadmium				
>100 kg of raw asbestos				
Atrazine				
Dichloromethane				
Simazine				
Toluene				
Tributyltin				
Xylenes				
Arsenic				
Chromium				
Copper				
Cyanide				
Fluoride				
Lead				
Nickel				
Zinc				

THIS SECTION OF THE APPLICATION FORM IS FOR LICENSING AUTHORITY OFFICE USE ONLY

A. Checklist - Application for a licence to discharge to Water			
Details to be	Submitted	Tick Box	
Has the newspaper notice been publish application	ned two weeks before making the		
2. Has the newspaper notice been publish area	ned in a newspaper circulating in the		
3. Does the newspaper notice contain all S.I. No. 108 of 1978)	the required information (as detailed in		
4. Is one original and five copies of the n	ewspaper notice included		
5. Has a fully completed, signed and date plus five copies been submitted	ed original copy of the application form		
6. Has the application fee (€380) been su	bmitted		
7. Is the name & address of the Applican	t & Agent included		
8. Is the address of facility from which it	is proposed to discharge included		
9. In the case of an application submitted incorporation been included?			
10. Where appropriate, does the licence ap application relates to an existing disch	•		
 11. Have six copies of the site location masshowing The boundary of the premises from The point of discharge(s) to waters The name of the receiving waters The name of the Townland in which 	which it proposed to discharge		
 12. Have six copies of the site layout map showing The site boundary The extent of the development, show underground construction The location and layout of the treatm The location of the outfall 	ving building locations and any		
 13. Have six copies of the drainage system Existing and new foul and storm draindicating whether gravity or rising The location of the treatment system Pipe diameters and levels Volumes of storage tanks Location of discharge point 	inage showing manhole locations and mains		
14. Have six copies of the treatment system details been submitted			
15. Has a description of the treatment production			
16. Are details of the effluent composition			
17. Are quality and flow data of the receiv			
18. Has an assessment of the impact of the included	e discharge on the receiving water been
